

Final Meeting Notes for Matt:

1. Separate Intro section into a separate panel
2. Leave a lot of white space in this section
3. Shorten line length in paragraphs and increase the margins
4. Sources made smaller and less noticeable perhaps right at the bottom/end of the website
5. Headers/Favorite Bands should be uppercase
6. Less Photographs and Crowding - more minimal
7. Replace a few images with ones I will send
8. Will prefer nav bar as a line, not block
9. Crop from the elbow up on the initial hedi image
10. Add black and white to the “hedi slimane” title instead of just leaving it grey

Thanks!
